The **AdR Fellowship** is a unique network of entrepreneurs and social leaders who are building a breakthrough model for conflict resolution by harnessing the power of social entrepreneurship.

The 6th edition of the **AdR Fellowship** will take place in July 2015. It is usually followed by a business bootcamp to be held tentatively in the spring of 2016. In addition, Fellows organize networking events throughout the year.

The **AdR Fellowship** is a golden opportunity to reinforce your leadership abilities and improve your project's business impact. It is also a one of a kind experience to interact with other Fellows across cultural and national boundaries and join a network of leaders dedicated to innovative social change.

The **AdR Fellowship** is an initiative of the **Edmond de Rothschild Foundation (NY)** - www.edrfoundations.org

"This is the way to build bridges and celebrate cultural diversity - by thinking out of the box with a business mindset and embracing universal values".
